Education

Techno International Newtown

Kolkata, India

Bachelor of Technology in Computer Science Engineering (AI & Machine Learning)

Aug 2023 – Present

Scottish Central School

Sasaram, Bihar

Senior Secondary (CBSE)

Percentage: 65%

2021 – 2023

Technical Skills

Languages: Java, Python, C++, SQL

Frontend: HTML, CSS, JavaScript, ReactJS, Tailwind CSS

Backend: NodeJS, ExpressJS, Django, FastAPI

AI/ML: TensorFlow, Scikit-learn, Keras, Hugging Face, OpenCV, Pandas, NumPy

Databases: MySQL, Firebase

Developer Tools: Git, GitHub, VS Code, Postman

Core Subjects: Data Structures Algorithms, Object-Oriented Programming, DBMS, Operating Systems

Projects

AI-Powered Community Health Monitoring System

Flutter • Django • Firebase • TensorFlow • Scikit-learn • Keras

- Developed an AI-powered healthcare platform to predict water-borne disease outbreaks using health records, seasonal trends and environmental data.
- Integrated IoT sensors with Firebase and machine learning models to generate dashboards and automated alerts for health authorities.

AI Resume Analyzer & ATS Score Checker

ReactJS • FastAPI • Python • OpenAI API • Tailwind CSS

- Built an AI-powered ATS Resume Analyzer that evaluates resumes, generates ATS scores and provides personalized optimization suggestions.
- Implemented resume parsing, keyword extraction, job-description matching and AI-assisted resume improvement using OpenAI API.

Programming Achievements

- **Winner – Smart India Hackathon (SIH) 2025, College Level:** Led a team of four members to develop an AI-powered healthcare solution, demonstrating leadership, innovation and collaborative problem-solving.
- **Smart India Hackathon 2025 Participant:** Received the official Certificate of Participation for contributing to an AI-driven healthcare project.
- **Google Developers Group (GDG) on Campus Solution Challenge:** Successfully completed the Hack2Skill-powered Solution Challenge and received a Certificate of Participation.
- **HackerRank Python (Basic) Skill Certification:** Certified in Python fundamentals, including data structures, functions, loops and problem-solving.
- **LeetCode:** Actively solve Data Structures and Algorithms problems to strengthen coding proficiency and algorithmic thinking.

Leadership & Extracurricular Activities

- **Committee Member — EXUBERANCE 2026:** Received a Certificate of Achievement for coordinating the Annual Sports Fest at Techno International Newtown, demonstrating leadership, teamwork and event management skills.
- **Hackathons & Technical Events:** Actively participate in hackathons, coding competitions and collaborative software development events to enhance technical expertise, teamwork and innovation.
